GEOBIS GB 4000 + Print Engine Specifications

Print Technology:	Thermal Inkjet, IMT Technology
Ink Delivery System:	Continuous Ink system with 500ml refillable reservoirs
Media Handling:	External automatic media take-up & feeder system
Print Resolution:	600x600dpi 300x300dpi
Colors	Four colors : C M Y K
Interfaces:	IEEE1284 Bi-tronics ECP PARALLEL
Buffer:	Standard 32MB, Extended 64MB
Power Consumption:	20W idle, 100W typical, 300W maximum
Work Environment:	15C-30C (59F-86F) 20%-80%RH, non-condensing
Certification:	CE
Drivers:	Windows 98/ NT/ 2000/ XP
Max Printing size:	152cm, 60"
Inks	All indoor ink, UV protection Ink and unerasable Ink
Media Compatibility:	Compatible with LC Series Medias
File Resolution:	Accepts 600x600dpi or 300x300dpi files
Processor:	Power PC
Power Supply:	215-245V AC 50Hz
Noise:	Standby:≤60dBA, Working:≤72dBA
Storage Environment:	-21C-60C (5F-140F) 5%-80%RH, non-condensing
Language:	English, Chinese, Korean, Japanese, French, German
Size:	247cm x 54cm x 68cm
Weight:	95KG
Productivity:	95 % less cost of Inks VS traditional plotters
Value:	Around 50% the total value of a traditional plotter
